SUMMARY

I've been programming for years, with a primary emphasis on web development.

LEADERSHIP EXPERIENCE

Front of the House Specialist

While working at Bob Evans, I became a Front of the House Specialist. This allowed me to be a host, server/waiter, bakery assistant, and a busboy. I also helped to manage waiters working, and was in charge of closing the entire restaurant several nights a week.

Editor-in-Chief of the Newspaper

I was the editor-in-chief of our high school's newspaper. I managed content, deadlines, photography, deadlines, and page layouts. I made sure that all of the staff members worked cohesively and we always published new content every newspaper cycle.

COMPUTER SKILLS

Languages

- Proficient: C#, Python, HTML, CSS, JavaScript + AJAX, jQuery, PHP + MySQL, SQL, XML, Java

- Familiar: C

Software

- Database: Microsoft SQL Server, phpMyAdmin
